Bethel Scouts Hold Court of Honor

Troop 165 held a pot-luck supper and Court of Honor on Thursday, Oct. 6. Mary Paine and Scout Mothers put on the supper. Recognition was given to Scouts who had reached First Class rank since the last Court of Honor in the late Spring. These include Charlie Jacobs, Eric Paul, and Robert Saunders. Also at Camp Boma-reen in July First Class rank was achieved by Jack Brooks, George Nickerson, Richard Paine and Paul Vachon.

After First Class the next rank advancement is Star, which is reached by gaining knowledge and doing work in special fields such as First Aid, Home Repairs, Safety, Electricity, Swimming, etc. A

Merit Badge is earned by meeting the requirements in any given field. Five Merit Badges, two required, and three elective, are needed for Star rank.

Merit Badge work was done at home, and at Camp Boma-reen and Camp Hinds. Recognition was given Star Scouts Charlie Jacobs, George Nickerson and Robert Saunders. Rangeley District Representative Ed Robertson from Phillips, presented the awards, with the help of Clarence Remington, Scoutmaster. After the Court of Honor, colored slides were shown. These included activities at Camporee and Camp Boma-reen last spring and summer.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The school survey committee was originally to report on their findings by Oct. 1st. However the Selectmen approved the request of the committee chairman, Dexter Stowell, for an extension of time. The committee is to submit their report to a joint meeting of the Selectmen, School Committee and Budget Committee, as early in November as feasible.

A complete check on voter registration cards and the list of registered voters has been made. There are 60 names on the male voting list that are questionable, and 32 on the female voting list. Each will be sent a form letter with a reply card to be used if he or she wishes to continue to have their voting residence in Bethel. The list of persons that will be notified, it is believed in most cases have left Bethel and their names were never removed from the voting list. This new form is provided as a protection to the voter, so that he or she will not have their name removed without their knowledge.

It is also found that there are 20 persons on the voting list who do not have a registration card on file as required by law. Each will be notified and given an opportunity to file a new card.

Any person desiring to register may do so at the Town Office during regular business hours or on election day. An important change in the law has been made, each person registering must appear in person if physically able to do so. The Registrar of Voters cannot give out cards to be taken out of the office and be filled out and returned later.

Sincerely,
Harold L. Bean

IN RED SQUARE — Rep. Peter A. Gayland (R-Maine), center, strides across historic Red Square in Moscow in front of the Kremlin. Gayland and Reps. Albert H. Quile (Minn.) left, and Charles E. Goodell (N.Y.), right, are in Russia studying the Soviet Educational system. The three Republicans are members of the House Education and Labor Committee, which is conducting a survey of the educational systems of other nations.

WE'RE HELPING FIDEL

From the Sarasota (Fla.) News:

When you shake your head in disgust and your blood boils in anger over the atrocities perpetrated by Fidel Castro, get a little madder with the realization that he's being helped along with millions of tax dollars from good old Uncle Sam.

And these are your tax dollars and mine.

All of these tax bucks are being channeled to Fidel through fine, high-sounding cooperative organizations that the United States is participating in. This is one of the most effective means the Communists have of milking us dry.

We are, in effect, helping them finance their all out push to enslave us.

How?

The Special Fund of the United Nations has approved a \$1.1 million loan for Castro. The American taxpayers will put up 40 per cent of this loan. The Russians will put up three per cent.

This is no secret. As a matter of fact, Rep. Glenard P. Lipscomb of California, in a speech in the House of Representatives, declared the U. S. taxpayer is making it possible for Castro to buy Russian jeeps, sponsor young Cuban Communists on fellowship programs, and paying the bills for Cuban health projects.

These hard, American tax dollars are going to Castro through the Pan American Health Organization (PAHO), which operates on a budget of \$1,700,000, of which we put up 60 per cent, or \$2,040,000.

Not only have we been supporting Castro in his accomplishment in enslaving the whole island for the Communists and helping to enslave the whole hemisphere, but we are increasing this help every year. Since Castro took over, his PAHO share of funds has grown from \$90,081 in 1959 to \$163,761 in 1960, to \$373,861 in 1961. And Castro, while he has been getting more and more out, has failed to pay his dues in the past three years to PAHO of \$224,010.

Castro used some of the money to buy 23 Russian jeeps for

We began the meeting with a worship service led by Julie Brown and Kathy Clemons. Next week it will be led by Carol Flint and Judy Judkins.

The Secretary's and Treasurer's reports were read and approved. There were 25 present. Under new business, we discussed this month's events. The chaperones for the dance will be Martha Keniston, Kathy Clemons, Trafton Foster and Matty Brooks. We are planning a baked bean supper. We decided it should be held Saturday, Nov. 4. We also decided to have a hay ride on Friday night, Oct. 14, from 7 o'clock until 10 o'clock. Further arrangements will be made by the members this week.

Following the business was an interesting discussion on boy and girl relationships led by Trafton Foster and Timmy Brooks. Next week's discussion will be led by Jane Lutton and Julie Brown. Respectfully submitted, Kathy Clemons.

use in a malaria eradication program, although malaria has a low incidence rate in Cuba. And while Cuba was getting these jeeps, the U. S. prohibited the delivery of similar vehicles to the Congo because of their military value.

Does this make you feel good?

We hope it makes you feel good enough to write to your congressman and senator and demand that a stop be put to these monkeyshines.

There is absolutely no justification to these antics.

We're actually giving Castro the money to buy mud to throw in our face for the whole world to see. Let's put a stop to it.

COUNTRY FLAVOR

HAND CIDER MILL

On the whole, we favor the current do-it-yourself movement that is sweeping the nation. It is good for men to get down to fundamentals, whether carpentering, gardening, paper hanging or boat building.

We wish that more men would become interested in making their own fresh apple juice with a hand-cider mill. Not that one wishes to lessen trade at roadside stands these blue-sky, golden days. It is pleasant to see glass jars of amber-hued sweet cider gleaming the sun.

A philosopher once said that man only appreciates that which he creates. Sweet cider is one of the best drinks, and if a backyard gardener, cook, or patio enthusiast would put his mind to it, he could make a reputation for apple juice parties.

Half a century ago many general farms had a hand cid-

er mill, and a husky 12 or 14 year older was expected to furnish muscle power. The small order catalog was definite. "Best hand cider mill on the market. Grinds large as well as small apples. You can't buy an easier running, better finished or stronger hand mill at any price."

The work did not appeal to a lad, but the end result was satisfying. Apples were ground and then put into a barrel-like press and the screw turned which pressed down the wooden head. The more pressure one put on the ground apples, the more juice dropped into the bucket below.

The grinding and pressing meant work, but there are men in city offices today who remember when they put a long oat straw into tangy-smooth, fresh-pressed cider and drank long and deeply. There may be a better drink than fresh apple juice but a countryman still has to discover it.

AUTO INSPECTION DUE THIS MONTH

"October is automobile inspection month," the State Police reminded Maine motorists today.

The enforcement organization urged motorists to take care of this legal requirement early in the month, in order to avoid the inconvenience of the last-minute rush.

"The law stipulates that every person who is the owner or in control of a motor vehicle registered and operated upon the highways of the state shall submit such vehicle for semi-annual inspection to determine the proper adjustment and sufficiency of the following required equipment: brakes, lights, running gear, wheels, tires, horns, windshields, mechanical windshield wipers, rear view mirrors, reflectors, and mufflers.

"Plan now for an early visit to an official inspection station," concluded the State Police, "and be sure that you get a thorough check on each of these important items of equipment before that inspection sticker is placed on the windshield."

GOULD ACADEMY

Gould Upsets Oxford Hills, 16-2

A pepped-up Gould Academy eleven playing before a Parents' Day crowd of 1500 set Oxford Hills High on their heels in the first period and they outplayed them from then on. Only in the second period, when Murch blocked a Gould punt that went out of the end zone for a safety, were the visitors in the game.

Gould took the opening kick off to their own 40 yard line and, after making one first down, kicked into the end zone for a touchdown. Starting from their own 20 Oxford Hills lost 13 yards on their first 3 plays and a poor punt gave the Huskies the ball on the Oxford 23.

Gould again made 1 first down, but was finally held on the one foot line. Saleeby, Oxford Hills' workhorse tried the right side of the Gould line but was brought down behind the goal line for a safety which gave the winners a two point lead at the end of the first period.

In the second play of the second period Oxford Hills punted and the ball rolled dead on the G. A. 1 foot line, there Murch blocked a Scott Cummings' kick which gave the visitors their only score. Midway of the period Frank Emery recovered an Oxford Hills fumble on their 13 yard line. Steve Parent drove for 3 yards through the right side of the losers' line and on the next play fullback Steve Saunders circled his own left end to score from 4 yards out. This gave Gould a 9-2 lead at half-time.

In the third period Gould had the Twins on their heels as they made four first downs to Oxford Hills 0; but still did not score. The Twins had the ball for only 8 plays during the entire period.

An intercepted pass at mid-field by Capt. Scott Cummings which he carried to the Oxford Hills 20 yard line set up the final touchdown. It took Gould five plays with Cummings going two yards through the center of the line for the final marker. Owen Melville made both placement kicks after touchdowns to give Gould a thrilling 16-2 victory. With the Gould

lineup filled with reserves the Twins, in the last part of the game, ran up three first downs, but Gary Hill intercepted a pass to stop the visitors' last chance of crossing the goal line. Oxford Hills carried the ball beyond the midfield twice and on both occasions advanced only to the G. A. 40 yard line.

Cummings passed 7 times for G. A. making 2 good for 30 yards, with 2 of them being intercepted. Lovejoy passed 9 times for Oxford Hills with one good for 10 yards and 3 intercepted. There were 9 first downs for Gould and 7 for the losers. Steve Parent proved the workhorse for Gould with his hard running and consistent gains. It was a great win for a fighting Husky team that gave a big Parents' Day crowd plenty to cheer about.

Score by periods:
Gould 2 7 0 7-16
Oxford Hills 0 2 0 0-2

democracy have been honored for their high performance on the National Merit Scholarship Qualifying Test (NMQT) given last spring. Each student who is endorsed by his school receives a formal letter of commendation signed by his principal and the president of the National Merit Scholarship Corporation.

Edmond J. Vachon, the Academy's headmaster, has announced that the commended students are: Wendy Tyson, and Elizabeth Vinton.

John M. Stalnaker, president of the National Merit Scholarship Corporation, stated:

"In recognition of their excellent performance on the National Merit Scholarship Qualifying Test, nearly 25,000 students through the United States are being awarded Letters of Commendation.

"While these bright youngsters did not reach the status of semi-finalists in the 1961-62 Merit Program, they are so capable that we wish to single

Would you ignore a police officer motioning you to slow down? Of course, you wouldn't, because you know that he represents the law. The State Police remind us that highway signs, signals and markings also represent the law. Respect and obey them as you would a police officer—for, like him, the signs of life are there for your protection.
